

EXTREME

LAMINATING RESIN

EXTREME STRENGTH

Testing proves it...Acsys Eco EXTREME laminates show a significant increase in Flexural Strength over those fabricated from industry standard resins. Visit us at acsysortho.com to see the details.

EXTREME RIGIDITY

Acsys Eco EXTREME is formulated to achieve a high modulus allowing the fabrication of thin and rigid laminates.

EXTREME EASE OF USE

Thanks to our SURE CURE™ technology you can expect bubble and tack free cures even over wet unsealed casts in only 10 minutes.

EXTREME GREEN

Acsys Eco EXTREME contains ZERO hazardous air pollutants which helps to create a safer and more enjoyable work environment.
