The Alpha[®] Flex Sleeve *Flexible, durable & comfortable*

The flexible and durable properties of the Alpha Flex Sleeve offer comfortable knee flexion for amputees like Ken who are busy around their homes and communities.

The Alpha Flex Sleeve uses a unique blend of traditional Alpha gel and Kevlar[®] pulp. The reinforced gel, flexible fabric, and inner polyurethane pad make the Alpha Flex Sleeve one of the toughest and most comfortable sleeves available. Well suited to use with LimbLogic[™] VS, the sleeve may also be used with traditional suspension methods.

The Alpha Family of Sleeves:

Alpha Flex Sleeve • Alpha Original Suction Seal • Alpha Spirit Suction Seal
