

PATIENTS SEE

the freedom to go off the grid for the day

YOU SEE

a prosthetic foot design that brings together a broad spectrum of mobility-enhancing traits

Circle # 1 on Readers' Service Card

Suggested Codes: L5987, L5986

Fusion™ Foot

With high performance in vertical shock absorption, heel-to-toe transition, and inversion and eversion, it's an entirely new way to offer function without compromise. And it's the result of our constant pursuit of improved prosthetic products—combining all the elements needed for maximum performance in a single integrated design.

**So you see a satisfied patient.
And they see a satisfying, active future.**
