

PATIENTS SEE

the freedom to hang with a superhero

YOU SEE

a prosthetic foot that rebounds upon impact and alleviates pressure on the patient's residual limb

Circle # 1 on Readers' Service Card

Suggested L-Codes: 5986, 5987

Fusion™ Foot

With advanced vertical shock absorption capabilities, it's an entirely new way to offer function without compromise. And it's the result of our constant pursuit of improved prosthetic products—reducing strain on the residual limb, hip, and lower back by absorbing vertical shock.

**So you see a satisfied patient.
And they see a satisfying, active future.**
