

## The DuraLite™ Foot *Durable, lightweight performance*

**Dusty Fellure** father | fiancé | friend | motorcyclist | construction worker | card shark | amputee

The DuraLite Foot is one of the best values on the market for people like Dusty who need a lightweight foot without compromising durability or performance.

Newly designed proximal adapters allow for the practitioner to easily modify the clearance of the foot without drilling holes. A urethane toe pad enhances medial and lateral motion while the split heel conforms to the floor, providing added stability.
