Dear Tonja,

On behalf of the Academy's Board of Directors and our members I would like to congratulate *The O&P Edge* on ten years of publishing excellence. *The O&P Edge* is a thorough source of information for the O&P community.

The collaboration of the Academy and *The O&P Edge* over the years has proven to be a fruitful and productive. For the past eight years *The Academy Today* has been mailed with *The O&P Edge* which has allowed us to reach a broad audience. Together the publications are a combination of continuing education and industry information not available any place else.

The O&P Edge has continuously supported the Academy by spotlighting our Scientific Societies and the Research Council. This has been a productive way to share information and opportunities for professional involvement with over 12,000 O&P professionals. We look forward to a continued and expanded working relationship in 2012 and beyond.

Congratulations once again. We are proud to be partners with such a committed, quality-driven publication.

Sincerely,

Mark D. Muller, MS, CPO, FAAOP
