

## MILL'S REBOUND PRO BASKETBALL HAND

**PRODUCT CODE:** REBOUND

**"L" CODE:**

**2007:** L6704

**Pre 2007:** L6809 may be applicable.

### FEATURES

- The *ReBound Basketball Hand* is a unique prosthetic accessory born from the invention and efforts of the Mill's family in Colorado. It is a versatile, flexible, safe, product for amputees wishing to use a prosthesis.
- The *ReBound* is constructed of a compliant polymer which is flexible but very strong. The resilient polymer material and innovative design provide excellent ball handling capability by simulating hand, wrist and finger-like control action.
- Friction discs molded onto the palmer surface of the ReBound provide additional traction for control.
- ½ in. diameter threaded stud fits any USA made wrist units.
