**PRODUCT CODE: KAYAK**

**"L" CODE:**

**2007: L6704**

### SPECIFICATIONS:

**Length:** 4.3 inches (11 cm)  
**Width:** 2.7 inches (7 cm)  
**Weight:** 12 ounces (340 gm)  
**Color:** Black

## LAMPREY GUN TURRET

### FEATURES:

- Designed to fit most sporting firearms including bolt action, lever action and semi-automatic rifles and carbines, over and under, side by side, pump and semi-automatic style shotguns as well as military M-16's and their variations.
- Flexible polymer "Yoke" conforms securely to various stock surfaces without marring the gun. Yoke snaps onto forearm (fore-end) of stock and can be pulled back tightening up for precise control. Yoke does not interfere with aiming or barrel's sight window.
- Lockable ball and socket allows for firing from a variety of positions and a pivoting platform provides for smooth gun rotation.
- Perfect for target and competitive bench shooting, "trap" and sporting clays, small & big game hunting and upland game pursuits.
- Equipped with standard one half inch diameter threaded prosthetic mounting stud.
