

# Expandability

Ability Prosthetics & Orthotics, Inc. is one of the fastest growing Prosthetic & Orthotic companies, having opened five patient care centers in five years.

- 100% outsourcing of fabrication/manufacturing
- Electronic medical records utilized across a centralized company server (OPIE)
- Offering the most advanced devices through repeatable, consistent & outcome based processes
- Franchise-style managing practitioner possibilities
- Innovative patient-centered practice model
- Practitioner autonomy with company collaboration
- Corporate marketing, continuing education & infrastructure support

## Colleague**nhanced**
