THE GREAT EDGE

OHIO WILLOW WOOD

for the help, for the spirit!

The Barr Foundation, established in 1987, is a 501(c)3 tax-exempt organization dedicated to providing financial and in-kind support to amputees in the United States and abroad.

The Barr Foundation develops its own initiatives through partnerships with individuals, organizations and corporations actively engaged in improving the dignity and quality of life for amputees by providing prosthetic rehabilitation to those who would not otherwise have the resources.

All contributions are tax-deductible from income and estate taxes to the fullest extent of U.S. law. Annual sponsorships are available to every individual, institution and company inside and beyond the O&P community.

To send contributions and for more information about sponsorship opportunities, please contact:

136 Northeast Olive Way
Boca Raton, Florida 33432
