

## “With CareCredit<sup>®</sup>, patients have a convenient way to fund optimal care.”

Trends in reimbursement are widening the gap between what insurance covers and the cost of optimal care, increasing patients' deductibles and out-of-pocket expenses. Offering **No Interest Patient Payment Plans** from CareCredit will not only help your patients more easily choose optimal outcomes, but also help expand your practice and increase cash flow.

With CareCredit you will:

- enable patients to receive outcome-based care, including new and improved technology so they may live more productive lives
- provide patients with a convenient financial resource for ongoing care
- receive payment within two business days
- reduce A/R while improving cash flow

Call 800-300-3046, ext 4519 to get started with CareCredit. Call today because for your patients, the optimal outcome is a more productive life.
