

# Better Together

**RevoLimb and Click Medical  
have merged to bring more  
Boa® Closure System solutions  
to the O&P Market**

## **RevoFit Prosthetic Solutions**

New generation of technology designed to provide a micro-adjustable prosthetic device that allows instant control of the socket fit.

## **Lacer Compression Solutions**

The OrthoFit Lacer Kits provides unique, micro-adjustable fit with one-handed donning & doffing.

## **ClickFit Dynamic Strap Solutions**

Give your patients a mechanical advantage for easily creating secure fit and improved function with the ClickFit Strap solutions.

**> Click Medical Solutions**  
Our solutions make it simple to integrate Boa® components into orthotics, casting, and prosthetic sockets by practitioners and central fabricators.
