

# Experience Ultraalign+<sup>®</sup>

## Patients and Physicians Agree

Rigid support and lightweight comfort are the real keys to compliance.

- Available in TLSO and LSO designs with a low-profile LSO option for shorter-waisted patients.
- Patented dual dynamic closure system allows for infinite adjustability and maximum compression.
- Combines Kydex plastic inserts for rigid support and a soft, breathable liner to enhance patient comfort and compliance.
- Non-tapered and tapered versions available for best patient fit.
- Dorsal lumbar extension straps and sternal pad kit available for maximum control.

Diverse. Dynamic.
