

GUARD  
INDUSTRIES, INC.

Flexible  
AK  
Socket

**Duraflex™**  
Since 1998

*A soft, semi-transparent or black pliable thermoplastic that combines comfort, durability & strength for devices at all ages.*

Richard Browne, Jr.  
Paralympic  
Silver Medalist

"Can't run/win  
without my  
Duraflex Inner Socket"

- Extremely strong, but soft
- Will blister form or drape
- Can be formed at a much lower temperature with little or no vacuum
- Excellent bonding properties
- Will not turn yellow over time
- Crack and tear resistant
- No silicone or latex
- Hygenic & non-toxic
- Does not lose memory after cooling
- Billing code L2280
