

LumboLux™

Swadlow Verified
Billing Code
L0627

**Finally -
A corset you can get paid for!**

The LumboLux is a soft, elastic, patient-friendly LSO with front and rear pockets containing molded (and moldable) Kydex inserts.

The LumboLux provides strong control, yet is easy to don and comfortable to wear.

But the most important feature of the LumboLux - what sets it apart from corsets and warm 'n' forms - is that you can fit one today and still be in business next year!

You can't with a corset (L0625 = \$46 average)! Or a warm'n'form (L0626 = \$65 average)! Just try to buy the corset, stock it, set up the patient, create a chart, fit the orthosis, bill it, accept assignment ... do enough corsets (or warm 'n' forms) and you're out of business.

But the LumboLux (L0627 = \$340 average) you can fit - lots of them - and still keep your practice.

**LumboLux -
The corset you can fit
and survive to fit another!**
