

Stance - Control Orthoses™

Designed for people who have knee instability due to quadriceps weakness or absence. Results in a more normal and energy-efficient gait than traditional locked knee joints.

Polio Patient wearing Bi-lateral SCOKJ's®

Blocks flexion at any angle at initial contact

Next Qualifying Course: Wednesday, March 16, 8:30—5:30, at the Academy meeting in Orlando

Visit us at the Academy meeting for your chance to win a signed copy of the *Atlas of Amputations and Limb Deficiencies* Booth # 48 & 50
