

RICHARD BROWNE, Jr.
WORLD-CLASS TRACK & FIELD COMPETITOR

THE KINETIC REVOLUTIONS ADJUSTABLE PYLON: **BUILT FOR EVERYONE.** FROM AROUND THE TRACK TO AROUND THE BLOCK.

Uncompromising strength and stability made for every body.

Tough enough for an athlete competing on a world stage, Kinetic Revolutions Adjustable Pylons are trusted by practitioners for patients of all ages and activity levels. Available in three sizes (Standard, Short and Pediatric) and milled from a single piece of aluminum, they're engineered to be stronger than conventional pylons. What's more, cutting, grinding and wasted pylon scraps are a thing of the past. To help all of your patients reach their goals, visit kineticrevo.com or call 301-360-3520.
