

National Association for the Advancement
of Orthotics & Prosthetics

YOUR VOICE FOR PROFESSIONAL O&P PATIENT CARE

www.naaop.org

The National Association for the Advancement of Orthotics and Prosthetics (NAAOP) is a strong government relations advocate for all those participating in comprehensive O&P patient care. NAAOP champions causes concerning patient access, funding, advanced technology, and outcomes through leadership in national and state policy formation.

NAAOP's Officers and Directors invite all those participating in comprehensive O&P care to bring their energy and passion to support our profession. Contact us and determine if your goals can be effectively pursued.

Mark D. DeHarde, President

George W. Breece, Executive Director
