

NAAOP

National Association for the Advancement
of Orthotics & Prosthetics

YOUR VOICE FOR PROFESSIONAL O&P PATIENT CARE

www.naaop.org

At no time in the past has your support of NAAOP meant more. Congress is considering wholesale changes in private insurance and Medicare that will have lasting implications on O&P patients and providers for decades to come. NAAOP is in the thick of it, supporting good health care policy, advocating against the bad, and analyzing the proposals to know the difference.

*Visit our website and join
our effort in advocating for
the O&P profession.*
