

OrthoFeet®

NEW

Innovative Tie-Less Lace System & Adjustable Heel Counter

Features & Benefits:

- Tie-Less Lacing System enables fastening the shoe without the need for tying laces.
- A Heel-Strap enables to adjust the grip around the heel, eliminating slippage, and accommodating wide feet and braces.
- Soft, seam-free lining offers unsurpassed comfort and protection.
- Extra-depth design along with a soft, non-binding upper ease pressure on the foot.
- Lightweight cushioning sole with Ergonomic-Stride design softens step, and helps propel the foot forward.
