

Your Patients Deserve Better Than "Almost Fits"

When it comes to O&P appliances, "almost fits" isn't good enough anymore. **Renew Advanced Materials** is all about *custom fit* and custom comfort. Our **new video series** will show you ways to custom fabricate using silicones and other materials that will make an incredible quality-of-life comfort difference for your patients.

DVD Volume 1 - Fabricating Custom Liners
Fabricating Custom End Pads

DVD Volume 2 - Techniques For Fabricating
Custom Partial Feet
