

“

We recommend the
**STS fitted casting
 socks (Mid-Leg
 and Bermuda)**
*for all of our
 lower extremity
 orthotic devices.*

”

The STS polyester
 casting sock provides
*several significant advantages
 for the Orthotist, Pedorthist and
 the custom shoe manufacturer.*

Wayne Weisedel, C.Ped

*Sales/Marketing Director
 Tru-Mold Shoes*

STS polyester casting socks allow you to create impressions
 of the foot so much faster, *plus*, they are extremely accurate
 and a breeze to apply without the mess of plaster. They are the
 21st century of casting.
