

When's the last time you ran 42,195 kilometers...

WITH FOOT DROP?

Turbomed is introducing the revolutionary **foot drop AFO FS3000**. A clever **alternative** to many existing carbon fiber AFOs that fit into the shoe!

See the stunning 3 minute video on our web site at: turbomedorthotics.com

- Running shoes
- Working shoes and boots
- Dress shoes
- Even sandals....
- 100% Transferable
- 100% External
- Lightweight as a carbon fiber AFO
- **No skin contact** what so ever with the foot or the ankle
- Amazing **energy return** due to the patented design
- Best warranty on the market*
